### Applications and use

This product is ideal for applications such as numbered identification tickets, fairground tickets and admission tickets.

### Conversion & printing

The product can be converted by all conventional roll conversion technologies including: Letterpress, Offset, Screenprinting, UV flexo and Water-based flexo. This product is also suitable for variable information printing in: Thermal Transfer printing systems. The print quality depends on the correct match of the ribbon, printer and substrate; therefore this Thermal Transfer product was selected after extensive testing with different printer and ribbon combinations. The product is compatible with a wide range of wax and wax-resin ribbons.

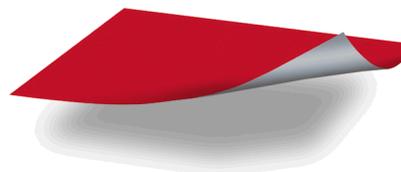

### Shelf life

One year under storage conditions as defined by FINAT (20-25°C; 40-50%RH)
